

CGPA TO EQUIVALENT PERCENTAGE FORMULA

1. The conversion formula is as under:-

$$Y\% = X(8578-265X)/624$$

Where

X = Value of CGPA on 10 point scale (0 to 10)

Y = CGPA equivalent to percentage

2. It is applicable for batches 2003 to 2012 only. For 2013 onwards equated percentage shall be equivalent to CGPA*10.
3. Formulae for calculation of SGPA/CGPA of each semester or overall are mentioned on the reverse side of each Grade Sheet.
